**THE DEFENSE LOGISTICS AGENCY SUPPORT TO LAW ENFORCEMENT
AGENCIES UNDER SECTION 1033 OF THE NATIONAL DEFENSE
AUTHORIZATION ACT OF FISCAL YEAR 1997**

Thank you for your inquiry into the section 1033 program managed by the Defense Logistics Agency (DLA). This program has assisted countless law enforcement agencies in obtaining excess Department of Defense (DoD) property for law enforcement use. The following is a brief description of the program and the procedures and agency must follow to initiate the application process.

The Secretary of Defense is authorized under Section 1033 of the National Defense Authorization Act of Fiscal Year 1997 to transfer to Federal and State agencies, personal property that is excess to the needs of the DoD and that the Secretary determines is suitable for use by such agencies in law enforcement activities, including counter-drug and counter-terrorism activities, under such terms prescribed by the Secretary. The authorities granted to the Secretary of Defense have been delegated to DLA. In determining whether property is suitable for use by agencies in law enforcement activities, DLA defines agencies in law enforcement activities as government agencies whose primary function is the enforcement of applicable Federal, state and local laws and whose compensated law enforcement officers have powers of arrest and apprehension.

DLA's Law Enforcement Support Office (LESO) is charged with managing this program commonly known as "The 1033 Program". Through governor appointed state 1033 coordinators the staff of the LESO matches law enforcement logistical requirements with available DoD excess and effects the property transfer. Any asset that is declared excess by the DoD is available for issue so long as it can be justified for use in the primary duties of the requesting law enforcement agency.

To initiate your application, contact your state coordinator identified below.

LEAs are permitted to exchange aircraft with other authorized LEAs, provided the aircraft and components are maintained under FAA maintenance and repair guidelines and provided further that the LEAs perpetuate repair and maintenance documentation. Any such transfer must receive prior approval of the state coordinator.

LEAs may dispose of any property, other than aircraft, weapons, armored vehicles, protective masks, and any other item(s) identified by the state coordinator, in accordance with the usual procedures for disposal of excess property in their jurisdiction.

Titles to vehicles, trailers, and other property requiring a title or licensing will be granted to the gaining LEA, except for those items requiring return to DoD.

Costs of shipping and/or repossession of property, obtained under this MOU, by the U. S. Government and /or the State of Louisiana will be borne by the LEA.

The LEA shall indemnify and hold the U.S. Government and the State of Louisiana harmless from any and all suits, actions, demands, or claims of any nature arising out of the use of excess property. The LEA agrees to maintain adequate insurance to cover damages or injuries to persons or property relating to the use of the property. Self insurance is considered acceptable. The State of Louisiana, DoD, and the State Coordinator assume no liability for damages or injuries to any person(s) or property arising from the use of the property.

The property acquired by the LEA under this MOU is on an "as is", "where is" basis, without warranty of any kind.

In the event of any of the property listed hereon is sold, traded, leased, loaned, bailed, cannibalized, encumbered, or otherwise disposed of by the LEA from the date of issue through the period(s) of restriction, without prior authorization of DoD and the State Coordinator, the LEA, at the option of DoD or the State Coordinator shall pay proceeds of the disposal or the fair market value or fair rental value of the property at the time of disposal, determined by DoD and the State Coordinator.

THE STATE COORDINATOR SHALL:

- D. Ensure that all environmentally regulated property is disposed of in accordance with applicable Federal, State and local environmental laws and regulations.
- E. Ensure all full automatic weapons obtained under this MOU are registered with the Bureau of Alcohol, Tobacco and Firearms.
